MNRS Foundation Benefits

All of the money raised is allocated to research.

Supporting research speeds the production of nurse scientists.

The endowment underwrites the grants.

Thank you for the DISSERTATION grant opportunity. I was able to reach many women in Kenya that I would otherwise not have been able to reach without the dissertation grant.

*Thank you for your financial support of my DISSERTATION project

*I thank you for the opportunity to conduct this SEED research
Jennifer Runquist, PhD, RN, University of Wisconsin-Milwaukee*

Thank you again for the support from MNRS. This was an expensive study for a DISSERTATION, and I really needed the help.
