Abstract Guidelines
The body of the abstract (see abstract submission guidelines for required elements) may not exceed 350 words. Abstract titles should be short but descriptive in addressing the key concepts of the proposed presentation. The primary/submitting author will receive an email message confirming the receipt of the abstract, and is responsible for notifying co-authors of receipt confirmation.

Abstract Review Procedures and Key Dates

- Online submission site opens: Monday, August 17, 2015.
- Abstract submissions are peer reviewed by three reviewers.
- Confirmation of accepted papers & posters will occur by early December 2015.
